---

Bart,

Sorry I didn't return your voicemail from last week yet. I took some vacation days and I am still playing catch up. The FWS is interested in the Wilcox and are considering conducting a NRDAR with our co-trustees. At this point, I would appreciate to be copied on any relevant information and get notices of meetings to stay in the loop. In addition, if the FWS can help EPA please let me know.

Thank you,  
Suzanne

On July 16, 2014 a letter was sent to Mr. Stephen R. Spencer, Ph. D. (Regional Environmental Officer), Office of Environmental Policy and Compliance, U.S. Department of Interior (DOI).

The letter was a notification of EPA's Planned Enforcement/Remedial Actions pursuant to CERCLA for the Wilcox Oil Company Superfund Site in Creek County, Oklahoma.

The letter was a notification of EPA's intent to issue a Special Notice Letter to potentially responsible parties and offered to provide copy of the SNL to the DOI designated points of contact.

This email provides copy of such SNL signed on July 28, 2014. Please note that the letter includes a full list of potentially responsible parties.

If you have any further questions, please contact me at your earliest convenience.
